PROFESSIONAL SUMMARY

Frontend-focused Software Developer and B.Tech CSE student (2nd year, CGPA 7.5) with 3 internships, a Java Gold badge on HackerRank, and hands-on experience building responsive web applications. Proficient in HTML5, CSS3, JavaScript, and React, with practical exposure to Java, REST APIs, and MySQL. Completed 5+ job simulations with global firms including J.P. Morgan, Deloitte, and Tata Technologies. Actively solving DSA problems on LeetCode, CodeChef, and HackerRank. Seeking a technical internship to contribute, build, and grow.

TECHNICAL SKILLS

Languages	C, C++, Java, JavaScript, TypeScript, SQL, Bash/Shell, Markdown
Frontend	HTML5, CSS3, React.js, CSS Animations, Responsive Design
Backend & DB	Node.js, REST APIs, MySQL, MongoDB
Design & UI/UX	Figma, Adobe XD, Canva
Tools	Git, GitHub, VS Code, Linux, Vercel, Netlify, GitHub Pages
Core CS	Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks
Emerging Tech	Cybersecurity Fundamentals, GenAI & Prompt Engineering, Spring Framework (Basics)

INTERNSHIP EXPERIENCE

Web Content Writer Intern

Mar 2026 – Apr 2026 | 2 Months | On-site, India

InAmigos Foundation (IAF)

- Produced digital content for social impact campaigns, improving online engagement and audience reach for the foundation's initiatives.
- Strengthened professional communication, deadline management, and cross-team collaboration in a structured work environment.

Web Developer Intern

Jul 2025 | 1 Month | On-site, Jaipur

CodSoft

- Worked as a Software Development Intern, gaining hands-on experience in a professional on-site environment.
- Developed and maintained web application features using C, C#, HTML, and CSS, contributing to real project deliverables.
- Practiced collaborative coding workflows and received exposure to professional software development standards.

Code Craft InfoTech Pvt. Ltd.

- Developed and enhanced UI components for live web pages using HTML5, CSS3, and JavaScript, improving visual consistency across the product.
- Debugged and resolved frontend responsiveness issues across multiple screen sizes, improving mobile user experience.
- Collaborated with the development team using Git for version control, gaining hands-on exposure to collaborative workflows and SDLC best practices.

PROJECTS

ATM Management System | [C++](#) | [Object-Oriented Programming](#)

- Built a console-based ATM simulation implementing real-world banking features: user authentication, balance inquiry, cash withdrawal, deposit, and transaction history.
- Applied OOP principles (classes, inheritance, encapsulation, abstraction) to produce modular, maintainable code.
- Enforced data integrity through structured input validation and error-handling routines.

Neon Portfolio & Personal Website | [HTML5](#) | [CSS3](#) | [JavaScript](#) | [GitHub Pages](#)

- Designed and deployed a dark-themed personal portfolio featuring glowing CSS animations and smooth scroll-triggered transitions — live and accessible to recruiters.
- Implemented pixel-perfect, mobile-first responsive layouts with cross-browser compatibility.
- Deployed via GitHub Pages; serves as a live showcase for professional and technical projects.

Animated Landing Page | [HTML5](#) | [CSS3](#) | [JavaScript](#)

- Created a high-performance landing page with scroll-triggered animations and dynamic UI interactions.
- Focused on Core Web Vitals — fast load time, smooth 60fps animations, and lightweight asset delivery.

DevExcuse.exe — Developer Excuse Generator | [HTML5](#) | [CSS3](#) | [JavaScript](#) | [GitHub Pages](#)

- Built a dark-themed, fully responsive Developer Excuse Generator web app — featuring a real-time BS Level Meter, 48+ categorised excuses (Git, Prod, AI, Boss, Infra, Env), clipboard copy, and WhatsApp share. Deployed live at raunak2810.github.io/Devexcuse-/
- Engineered animated UI with CSS grid background, scanline overlay, shake & fade micro-interactions, and keyboard shortcut support — zero frameworks, zero dependencies.
- Maintained clean separation of concerns across HTML, CSS, and JS; documented project with a structured GitHub README including setup guide, contribution steps, and live demo link.

HACKERRANK BADGES

Java Gold (★★★) **C++** Silver (★★) **Problem Solving** Bronze (★) **SQL** Silver (★★)

Profile: hackerrank.com/profile/raunakmishrabxr

CERTIFICATIONS & JOB SIMULATIONS

- HackerRank – Java (Basic) Certificate | Issued: 23 Apr 2026 | ID: 4B223998E037
- J.P. Morgan – Software Engineering Virtual Job Simulation (Java, Spring Framework, REST APIs)
- Deloitte Australia – Technology Virtual Job Simulation
- Tata Technologies – Cybersecurity Analyst Virtual Job Simulation
- Tata Technologies – GenAI-Powered Data Analytics Virtual Job Simulation
- MongoDB Basics for Students – MongoDB University
- Web Development Fundamentals – IBM

EDUCATION

B.Tech – Computer Science & Engineering Arya College of Engineering Rajasthan Technical University, Jaipur <i>CGPA: 7.5 / 10 (up to 2nd year) • Relevant: DSA, OOP, DBMS, OS, Computer Networks, Software Engineering</i>	2024 – 2028
Senior Secondary (Class XII) – PCM Shiv Prashad Inter College, Buxar BSEB <i>Percentage: 61%</i>	2023
Secondary (Class X) D.A.V. Public School, Buxar CBSE <i>Percentage: 67%</i>	2021

ACHIEVEMENTS & ACTIVITIES

- Completed 5+ industry-recognised virtual simulations with J.P. Morgan, Deloitte Australia, and Tata Technologies, gaining practical exposure to software engineering, cybersecurity, and data analytics workflows.
- Earned HackerRank Gold badge in Java, Silver in C++, and Bronze in Problem Solving & SQL — demonstrating consistent, verified coding proficiency across multiple languages.
- Actively solving DSA problems on LeetCode (leetcode.com/u/Pztzecwol3) — 30+ problems solved including Easy & Medium level arrays, strings, sliding window, and SQL queries.
- Active member of the college Coding Club — participates in peer learning sessions, tech talks, and hackathons.
- Volunteer contributor at college technical fests and events; interested in open-source contributions.

SOFT SKILLS

Problem Solving • Analytical Thinking • Team Collaboration • Time Management • Clear Communication • Adaptability • Attention to Detail • Self-Learning • Critical Thinking

CURRENTLY LEARNING

React.js (advanced hooks & state management) • DSA (LeetCode daily practice) • Java Spring Boot • Full-Stack Web Development

Open to Internships • Freelance • Open Source • Hackathons
